

# Editorial/Photography Submission Policy

A.E. Engine accepts work from freelancers. But we do not accept phone queries.

We ask that writers mail, fax or e-mail story ideas, along with a resume and several writing samples to Managing Editor at 2935 1st Avenue North, Suite 1, St. Petersburg, FL 33713 or fax to 727.323.3512 or email to [info@ae-engine.com](mailto:info@ae-engine.com). We reserve the right to only respond to submission we are interested in.

## Manuscript Requirements

Copy must be double-spaced. Line width should be 65-70 characters, unjustified. Pica (12pt) type-size, about 25 lines per page. No handwritten manuscripts, please.

Manuscript length is determined by the value of your words. We will decide what to cut, if that becomes necessary, to fit our available space.

## Art Requirements

Feel free to provide photography and other graphic elements. See our photography submission policy.

## Rights

All articles are published as exclusive to A.E. Engine in print or electronic format and include reprint rights. We will provide authors with one or more copies of the published piece of the magazine in which it is published.

## Payment

In those cases where a payment or honorarium is offered for publication rights to an article, payment will be made upon acceptance of the manuscript. Payment is negotiable between the author and the editor and should be discussed in advance. A signed release form must be on file before an article is paid for.
